Dear Dr Hassan

We have reviewed the information and data available to us about this practice. This information does not indicate there are significant changes to the quality of service being provided since the last inspection.

We will continue to monitor the available information and data about this service throughout the year. Where this information indicates changes or potential changes in the quality of care which may affect ratings, we will review our plans. This may result in our carrying out a further inspection of this service.

Telephone: 03000 616161
